ADELPHI PANTHER EBUNDLE PROGRAM

What is the Panther eBundle Program?

Panther eBundle: This new program is being piloted in Intersession 2025 and Spring 2025 to provide all participating students with access to their required courseware by the first day of class.

How It Works: All courses with required courseware are automatically enrolled in the program.* Students who register for these courses will be notified and have their required courseware available to them through Moodle by the first day of classes. Students who are not interested in the discounted courseware can choose to opt out of the program each term and are then responsible for sourcing and purchasing their own courseware.

Excludes Nursing

Program Benefits

For Students:

Improves required courseware access and affordability

Increases student success outcomes

Reduces student stress and unpreparedness

For Faculty:

Ensures students have required courseware the first day of class

Easy online access through Moodle

Freedom to choose desired materials

For the Campus:

Pilot for future program growth

Increased student and faculty preparedness

Convenient access to affordable courseware across campus
